ABOUT THE PRESENTER

Leo Lambert Vice President & Technical Director, EPTAC

How is the word used in 610

Discernible is used:

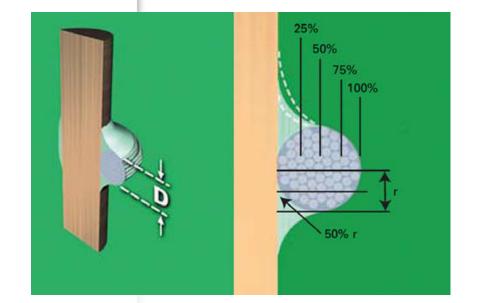

- Looking for wire strands after tinning
- Looking for wires in solder joints on terminals
- End of wires in slotted terminal
- Evidence of film residues
- Evidence of markings

Leo Lambert Vice President & Technical Director, EPTAC

Usage examples in 610

The tinning leaves a smooth coating of solder and the outline of the strands are discernible.

Solder wets the wire/lead and terminal and forms a discernible fillet feathering out to a smooth edge.
